## PART 2: CRITERIA FOR ESTABLISHING A CONSUMABLE GOODS ALLOWANCE

A. The senior officer, in the area concerned, may submit a justified request for the area to be designated as an OCONUS location to which consumable goods may be shipped. The justified request is sent through the appropriate organizational channels to the following for approval:

Per Diem, Travel and Transportation Allowance Committee  
\*Attn: Regulatory Team  
4601 North Fairfax Drive, Suite 800  
Arlington, VA 22203-1546

B. The request must address the following questions:

1. How many members and DoD employees serve in the area?
2. Are State Department employees authorized a consumable goods shipment to the area?
3. What types of consumable goods are unavailable locally? Please include foodstuffs, household and personal items.
4. Is the quality of consumable goods available locally equivalent to the American counterpart? If not, explain.
5. What factors contribute to the lack of a reliable local source of adequate, necessary consumable goods? Are those factors likely to improve in the foreseeable future?
6. Do locally available fresh foods require preparation far different from the American counterpart of those foods? If so, explain.
7. Why do members/employees prefer/need to eat canned/dried/processed vegetables and produce versus locally available items?
8. Do food shortages require members/employees to wait in line for items for long periods?
9. Does State Department have a commissary or food locker/co-op at the station? If so:
  - a. What is the space and storage capacity of the facility?
  - b. What variety of items are available?
  - c. How often is it restocked?
  - d. Can members/employees place bulk orders for consumable goods through the facility?
  - e. How often are bulk orders placed?
  - f. Are the bulk orders received on time?
10. Who is the PoC for this request? Please include *commercial* phone and fax numbers, and email address, if available.

***NOTE: The high price of consumable goods in an area is not a factor in deciding whether or not to establish a consumable goods allowance. COLA is designed to offset a high cost of living at an OCONUS PDS.***
